APPLICATION FOR CERTIFICATION OF A ROAD COURSE

NAME OF EVENT	12HR
RACE DATE	07.11.2026.
ADVERTISED RACE DISTANCES	1,0003 km
LOCATION OF START	Start/finish line on the athletics track Mladost; Zagreb,Croatia.
LOCATION OF FINISH	Start/finish line on the athletics track Mladost; Zagreb,Croatia.
MEASURER	Lucija Kolic (grade A) e-mail: lucijakolic@gmail.com contact: +385 98 215 657
RACE ORGANIZER	AK Sljeme race director: Dragan Jankovoc e-mail: tergatjanko@gmail.com contact: +385 91 5032734
TYPE OF TERRAIN	Flat – combination of track, asphalt (track = 401,11 m: grass = 8 m: asphalt = 591 m).
TYPE OF COURSE	Multiple loops
ELEVATION and SEPARATION	Elevation: Start 115 m; Finish 115 m = 0 m/km Separation between the start and finish is 0 m = 0%

Course map

Course description

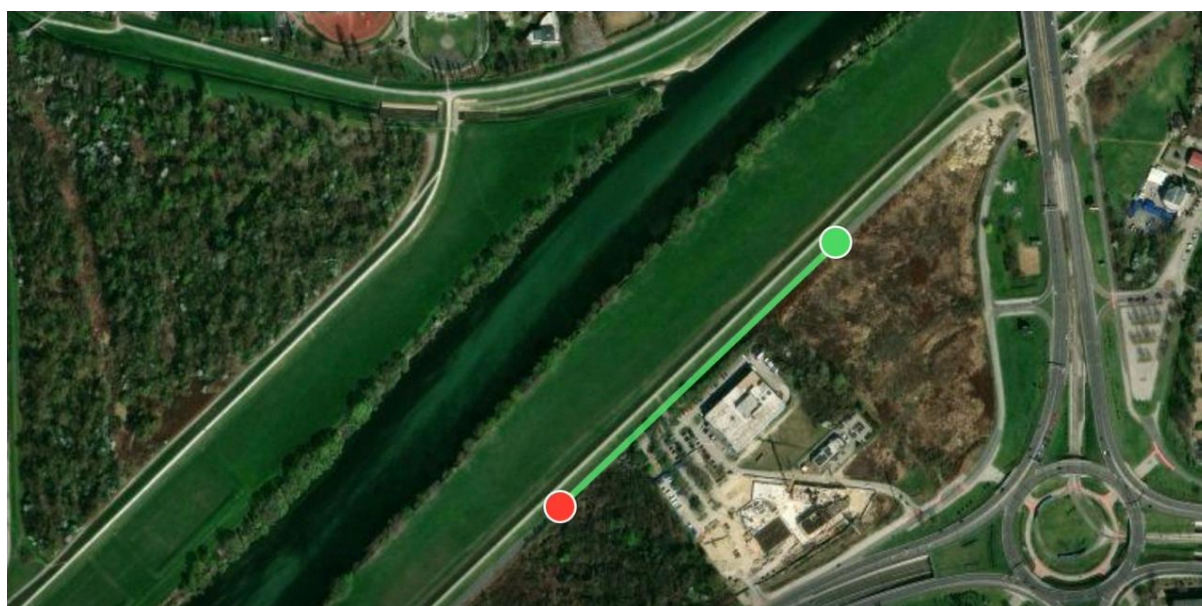

I measured a loop on the Park Mladost for the 12h running event that will be held on the 7th of November 2026.

Loop starts on the start line of the athletics track – counter clockwise towards the side exit – right (small part across the grass) – straight following the path – right, path in between pool building and the side part of the track – right, following the the path – right, path in between the stadium building and hokay fielde – right, entrance to the stadium – straight finish of the loop same as start.

***Organizer is obligated to secure the course as it was measured.**

DETAILS OF THE CALIBRATION COURSE

NAME OF EVENT	12HR
LOCATION OF CALIBRATION COURSE	Priobalna Street – yellow central line on the road.
LENGTH OF CALIBRATION COURSE	400 m
CITY/COUNTRY	Zagreb/Croatia
DATE/TIME/TEMPERATURE	12.02.2022./13:30/9 °C
METHOD/MARKINGS	50 m steel tape/steel nails, orange spray.
MEASURER	Lucija Kolic (grade A)

The calibration course is the existing calibration course that I cross-checked before the measurement. The nails are still at the start and finish points.

The calibration course is located on Priobalna street, along the Sava embankment, near the Jadranski bridge. It starts from the 9th lamp post on the right side with the green sign 350 m until McDonald's (counting from the Jadranski bridge) and ends 7,32 m after the 22nd lamp post on the right side, counted from the Jadranski bridge.

I added 4 cm to the calibration course because of the temperature.

BICYCLE CALIBRATION DATA SHEET

NAME OF MEASURER	Lucija Kolic
DATE OF MEASUREMENT	17.10.2026.
LENGTH OF CALIBRATION COURSE	400 m

PRE-CALIBRATION

TIME OF MEASUREMENT	15:10
TEMPERATURE	17 °C

RIDE	START COUNT	FINISH COUNT	DIFFERENCE
1	668000	672678	4678
2	672678	677356	4678
3	677356	682035	4679
4	682035	686713	4678

WORKING CONSTANT IS 11,70732

COURSE MEASUREMENT DATA SHEET

START TIME: 15:30

TEMPERATURE: 17 °C

FINISH TIME: 16:05

TEMPERATURE: 17 °C

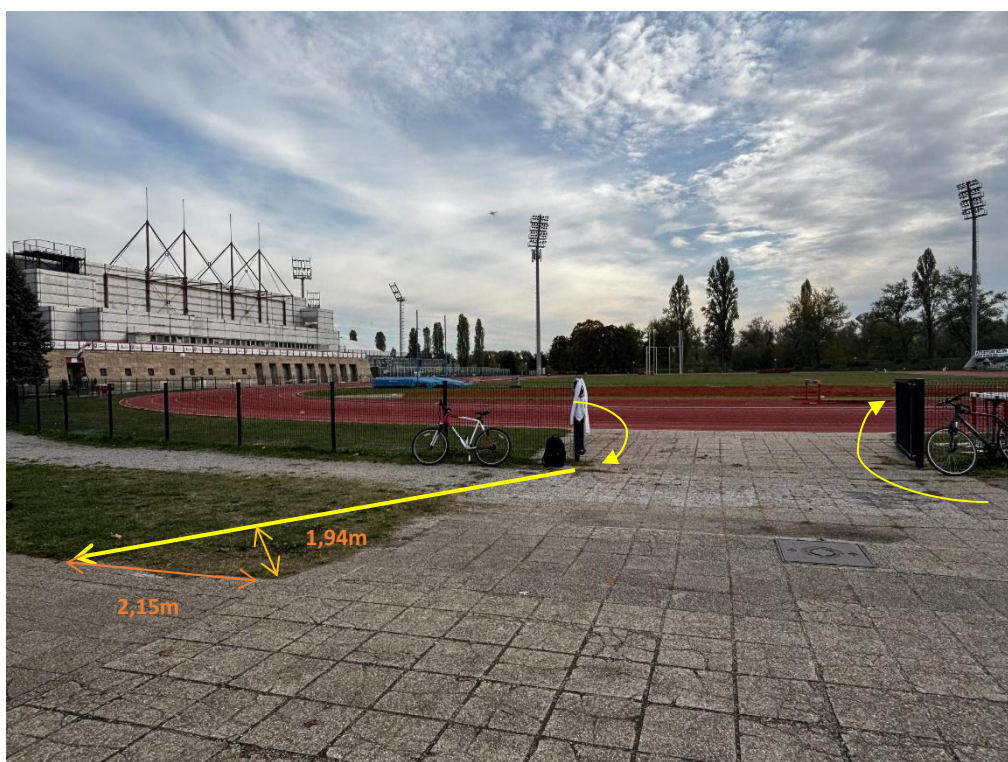

WORKING CONSTANT IS 11,70732

MEASURED POINT /LOCATION	READING	COUNTS	LENGTH (m)
1 Start/finish line on the athletics track Mladost	758000	000000	000000
2 Same as point 1.	769710	11710	1000,22
Total counts/length		11710	1000,22

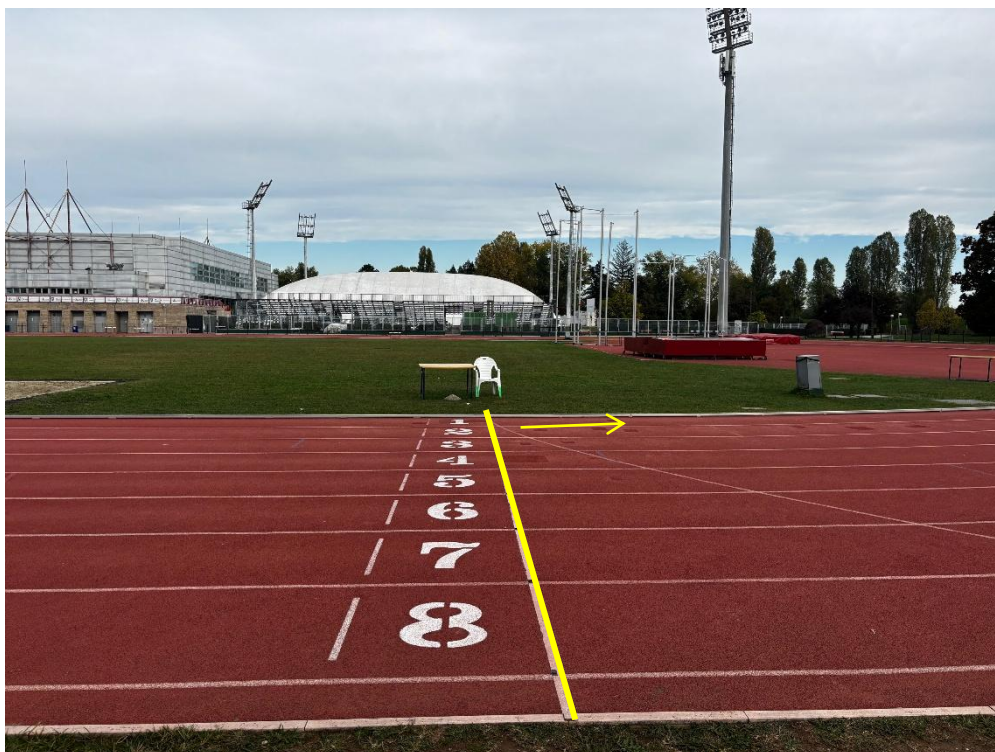

The loop I measured is 1,0003 km and that stayed as the final distance.

After the measurement I didn't post-calibrate the bicycle as the measurement is done in a short time window and no changes in the weather conditions happened. I used working constant as the constant of the day.
